

Agreement and Consent Terms for the Collection, Use, or Disclosure of Personal Data of Researchers and Experts of the Hub of Talents and Hub of Knowledge

The Personal Data Protection Act B.E. 2562 (2019) aims to safeguard personal data privacy rights and prevent unauthorized access or interference. To comply with this law, the collection, use, or disclosure of personal data requires obtaining explicit consent while clearly stating the purposes to the data owner, either in written form or through electronic means.

The National Research Council of Thailand (NRCT) places a high priority on the protection and security of your personal and other sensitive data. To ensure your confidence in receiving protection aligned with the Personal Data Protection Act B.E. 2562, and in adherence to the NRCT's announcement on the "Guidelines for Protecting Personal Data in the National Research and Innovation Information System (NRIIS)", NRCT has prepared this consent document. It enables the collection, use, or disclosure of the personal data of researchers, experts, and research and innovation outputs through the NRIIS and the Thai National Research Repository (TNRR) for academic, policy, commercial, social, and public interest purposes, as authorized under the Science, Research, and Innovation Promotion Act B.E. 2562 (2019).

I, Mr./Mrs./Ms. _____, have read and understood the details in this consent form, including the agreement, and the terms regarding the collection, use, or disclosure of personal data through the NRIIS and TNRR. Alternatively, I have received an explanation from NRCT officials about the purposes of collecting, using, or disclosing personal data and fully understand the terms. I voluntarily consent or decline to give consent as indicated in this document, free from coercion or inducement. Additionally, I understand that I may withdraw this consent at any time unless there are legal restrictions or existing agreements between myself and NRCT that provide benefits to me.

In the event that I wish to withdraw my consent, I understand that doing so may result in the loss or unavailability of my personal data within the TNRR's services. I also acknowledge that withdrawing consent will not affect the processing of personal data completed prior to the withdrawal.
